

Parkinson's Disease Care Pathway

An Audit

Helen Summers
Dr Al-Saddik Jaly

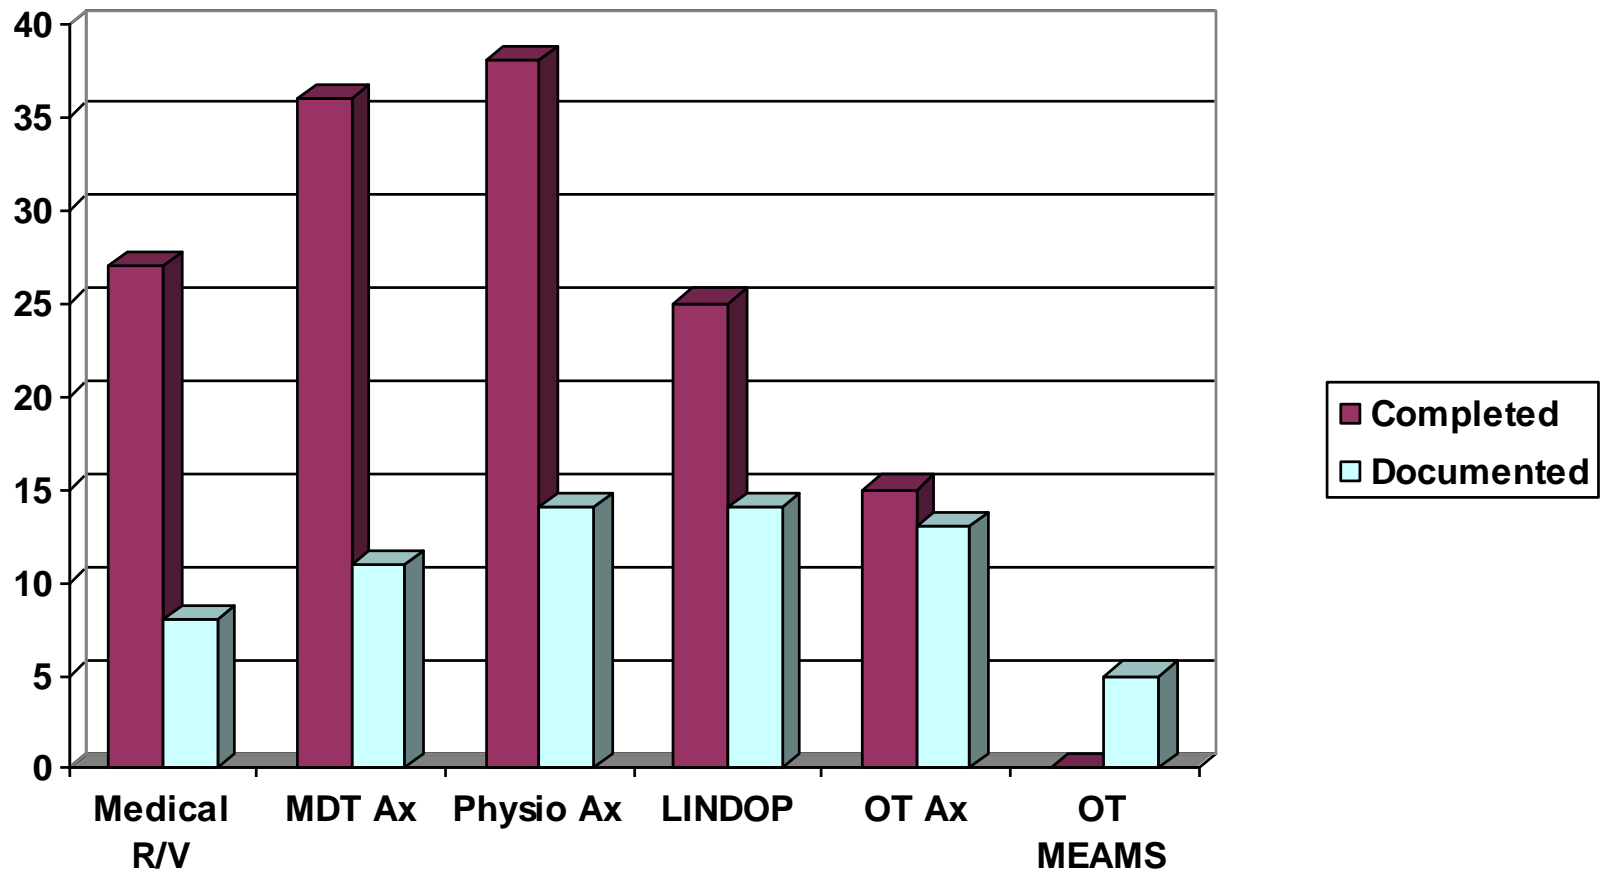

Why audit?

- PD Society have set out standards of care based on best practice
- The care pathway was devised 18months ago within the NUHRU based on standards
- Is care pathway being followed?

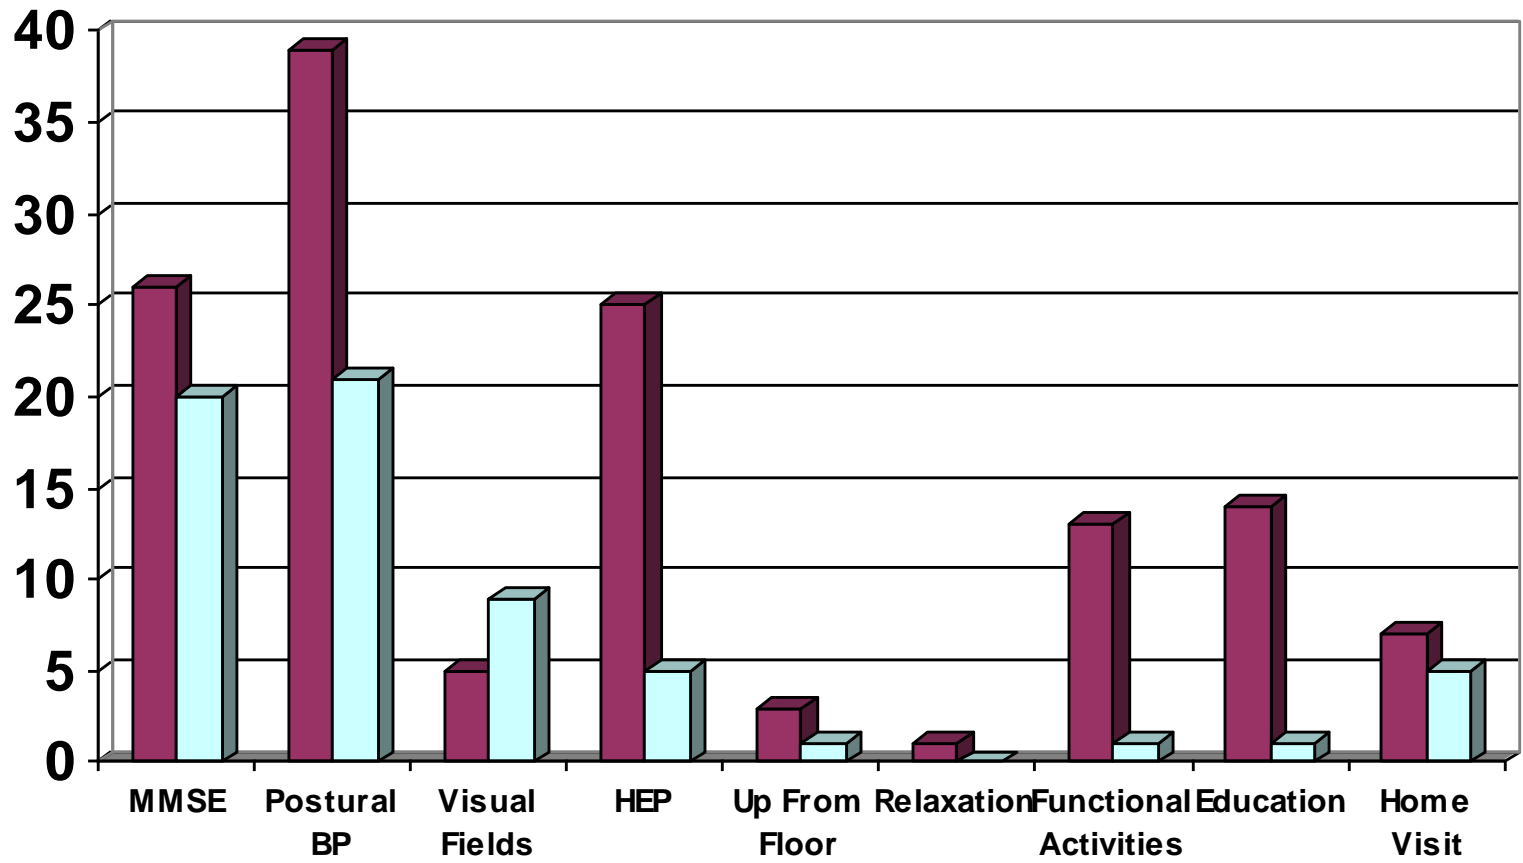

What does the pathway include?

- **Full MDT assessments** – including physio, nursing, OT and medicine – with objective markers
- **Patient questionnaires**, including PDQ 39, HAD, Non-motor symptoms questionnaire, symptom chart, PD diary
- **Medical monitoring**, including postural BPs and visual fields
- **Suggested treatments and interventions**, such as ‘up from floor’, relaxation, functional activities and home visit
- **Follow up procedures**, including discharge summaries and 3/12 telephone calls
